Vijay

Executive Summary:

I bring a Bachelor's degree in computer science and two years of experience as a Node.js developer to the table. My extensive knowledge of JavaScript, web stacks, libraries, and frameworks paired with my proficiency in front-end technologies such as HTML5 and CSS3 make me a valuable asset. I excel in communication and collaboration and possess strong analytical and problem-solving skills. With great organizational and time management skills, I am able to resolve urgent web application issues outside of business hours.
